

# The Milaan Journey

An Impact Tour In India

September 6<sup>th</sup> - September 11<sup>th</sup>

**Adolescent girls in India, around 120 million**, often lack agency due to socio-cultural norms and limited opportunities. They navigate a complex society where traditional practices and rapid development intersect, hindering their ability to make crucial life choices.

**Milaan has worked with 100,000+ young leaders across Uttar Pradesh, Madhya Pradesh, and Karnataka.**

**Investing in adolescent girls is crucial to addressing intergenerational gender inequality.**

The **'India Impact Tour'** offers a unique opportunity to experience India and impact firsthand.

Through interactions with Girl Icon Alum and community leaders, you'll gain insights into their challenges and solutions.

**Milaan Foundation empowers young people** with leadership skills to become **problem-solvers who lead and transform their communities**, and aims to **impact Two Million Girls by 2030**.

We invite you to join us on this journey, exploring villages and experiencing the real India through the eyes of its people.

**Dates: September 6th -  
September 11th**

**Come and see the ripple effect of your support.**

Join us to experience the courage, grit, and brilliance of the Girl Icons who are redefining India's future.
